

# Stomp Box

## They Might Be Giants

One two  
One twoStomp box speak my thought  
Vent these voices from the dark  
Shout, shout, shout, shout  
Scream it out  
Blast your missive  
Tell the wordless message  
Little stomp box  
Tear it from my heartStomp box, voice of fear  
Pour the poison in my ear  
Kill, kill, kill, kill  
Kill me now  
Free the demon  
Hear the ceaseless screamin'  
Little stomp box  
Tear it from my heartStomp box speak my thought  
Vent these voices from the dark  
Shout, shout, shout, shout  
Scream it out  
Blast your missive  
Tell the wordless message  
Little stomp box  
Tear it from my heartKill, kill, kill, kill  
Kill me now  
Free the demon  
Hear the ceaseless screamin'  
Little stomp box  
Tear it from my heart  
Aaa
