

# Assassination

## Aoria

Our people are poor, and you know, damn well  
    Nobody wants to be poor  
    This play is gonna show how the pigs react  
    When the people start to take community  
Control over what belongs to them and liberate it back  
    Sometimes I just don't care  
    Murderation, modern hanging education  
    Price of your life is goin' up it ain't inflation  
    Incrimination, they got my picture at the station  
    Elimination, state to state we eatin' by this nation  
    Them belly full, my trigger finger got pulled  
    To cut the bull shots'll warm your flesh like wool  
    These tools for survival make fools out of rivals  
    Fuck the Bible, get on your knees and praise my rifle  
    Your life is done there ain't another place to run  
    Eat your own gun, scared because my people never known fun  
    Cops drive down the streets and blow my friends away  
    I try to smoke enough lah to take my sins away  
    This E&J be freein' us in it's own special way son  
    We live for the day, the only way dunn  
    The violence in me, reflect the violence that surround me  
    I choose that wildly Mr. Charley keep his eye on me  
    To figure my head, but them ass kissin' niggas is dead

    We learn the chokeholds with fishermen's thread  
    I read 'The Art of Sun-Tzu' in a couple of fuckin' days  
Used to practice Kung-Fu with this nigga that's like, double my age  
    And you can put this on the government's grave  
    Somebody payin' for the way we have to suffer and slave  
    Assassination, word up  
I hope they get the assassins, I hope that something is done to them  
    Problem is they're killing them  
    It reminds me of something like what happened to Lincoln  
        You ain't even safe wit a full clip  
        Hustle out on the president's grave  
        I'm sick of livin' in this bullshit  
        We down to take it to the full length  
Meet us up on Capitol Hill and we can get up in some real shit  
    You ain't even safe wit a full clip

Hustle out on the president's grave  
I'm sick of livin' in this bullshit  
We down to take it to the full length  
Meet us up on Capitol Hill and we can get up in some real shit  
Assassination, yeah
