

Pills n Potions

Nicki Minaj

Pills n potions

We're overdosin'

I'm angry but I still love you

Pills n potions

We're overdosin'

Can't stand it but I still love you I still love, I still love, I still love, I still love, I still lo-o-ove
I still love, I still love, I still love, I still love, I still love I still love, I still love, I still love, I still love, I still lo-o-ove

I still love, I still love, I still love, I still love, I still love Ayo, they could never make me hate you

Even though what you was doin' wasn't tasteful

Even though you out here lookin' so ungrateful

I'mma keep it movin' be classy and graceful

I told 'em it's no friends in the game, you ain't learned that yet

All the bridges you came over, don't burn that yet

Niggas want respect, but niggas ain't earned that yet

Self-righteous and entitled but they swearin' on the Bible that they love you

When really they no different from all your rivals

But I still don't wish death on 'em

I just reflect on 'em Pills n potions

We're overdosin'

I'm angry but I still love you

Pills n potions

We're overdosin'

Can't stand it but I still love you I still love, I still love, I still love, I still love, I still lo-o-ove
I still love, I still love, I still love, I still love, I still love I still love, I still love, I still love, I still love, I still lo-o-ove

I still love, I still love, I still love, I still love, I still love Yo, people will love you and support you when it's
beneficial

I'mma forgive, I won't forget, but I'mma dead the issue

Soon as you out a nigga's life is when they start to miss you

They see you doin' good now it's kinda hard to diss you

Niggas be sick when they remember all the bad they wished you

Niggas be mad when they can't come and live lavish with you

But I sped off in a Benzy

I see the envy when I'm causin' a frenzy

So I pop pills for 'em

Cop cribs in the hills on 'em Pills n potions

We're overdosin'

I'm angry but I still love you

Pills n potions

We're overdosin'

Can't stand it but I still love you I still love, I still love, I still love, I still love, I still lo-o-ove
I still love, I still love, I still love, I still love, I still love I still love, I still love, I still love, I still love, I still lo-o-ove

I still love, I still love, I still love, I still love, I still love I get high off your memory

I get high off your memory

I get high off your memory

In due time we'll be fine

In due time I still love, I still love, I still love, I still love, I still lo-o-ove

I still love, I still love, I still love, I still love, I still love I still love, I still love, I still love, I still love, I still lo-o-ove

I still love, I still love, I still love, I still love, I still love
