

# My Bed

## Mario

Girl there is a spot for you in my bed my bed my bed  
Girl there is a lot to do in my bed my bed  
Girl we're gonna have a good time in my bed my bed  
Gonna spend the night in my bed my bed Let the girl in... all up to the club  
... girl undress

Want to get you home... anything you want  
I can buy it girl ace of space  
You are a model girl that's not your face  
Let's get out of this club... my place my crib

### Chorus

Girl there is a spot for you in my bed my bed my bed  
Girl there is a lot to do in my bed my bed  
Girl we're gonna have a good time in my bed my bed  
Gonna spend the night in my bed my bed You are so hot you set this club on fire  
I wanna be alone with your body tonight  
Girl I think I fell in love tonight at first sight  
Girl I hoping you fell in love too

Here they come with bottle what you want in your cup  
Ace of space... girl I want you dancing like you are on the stage  
You are a model girl that's not your face  
Let's get out of this club... my place my crib

### Chorus

Girl there is a spot for you in my bed my bed my bed  
Girl there is a lot to do in my bed my bed  
Girl we're gonna have a good time in my bed my bed  
Gonna spend the night in my bed my bed We're gonna take a ride baby  
What's on my mind baby  
We're gonna ride all night in my bed my bed  
... cause you are my type baby hope I picked up good the night Chorus

Girl there is a spot for you in my bed my bed my bed  
Girl there is a lot to do in my bed my bed  
Girl we're gonna have a good time in my bed my bed  
Gonna spend the night in my bed my bed We're gonna take a ride baby
