

Standing on the Edge of Night

Element 101

Fell off the edge of night there
It's raining all around, the storm is forming around
But still there's a calm inside me
Look left, look right, look straight now, focus on divinity
Knock once, knock twice, now crash through
Oh, oh, I need you, oh, oh, I want you
Look into my eyes, you're all you'll see inside
Oh, oh, I need you, oh, oh, I want you
There isn't any time I'm better off without you
And say my name, yeah, say my name
Fell off the edge of night there
Sometimes the mist falls perfectly
No words can form to meaning
Thankful thunder breaks the silence
One step in solitude downtown, Bloomfield avenue
Flash bright, flash light, this breaking light
Oh, oh, I need you, oh, oh, I want you
Look into my eyes, you're all you'll see inside
Oh, oh, I need you, oh, oh, I want you
There isn't any time I'm better off without you
And say my name, yeah, say my name
You are the one, you are the one for
You, you, you, you are the one for me
You are the one, you are the one for
You, you, you, you are the one for me
Oh, oh, I need you, oh, oh, I want you
Look into my eyes, you're all you'll see inside
Oh, oh, I need you, oh, oh, I want you
There isn't any time now, I'm better off without you
And say my name, yeah, say my name
You are the one, you are the one for
You, you, you, you are the one for me
You are the one, you are the one for
You, you, you, you are the one for me
You are the one, you are the one for
You, you, you, you are the one for me
You are the one, you are the one for
You, you, you, you are the one for me
