

Sunset Boulevard

Charlie Robison

Well, I wish I had my picture on The Rolling Stone today
I wish that The Enquirer spread a rumor that I was gay
Well, I wish I had some buddies, some movie stars and such
'Cause I probably wouldn't worry about the two of us as much And I'd spend all my money on caviar and
cocaine
And I would not remember how you broke my heart today You know I, I wish I had a super model so skinny and
so wild
And a waitress in Nevada, she says she's carrying my child
Well I'd drive down Sunset Boulevard, my hair blowin' in the wind
And I'd stop at fancy restaurants and they'd finally let me in And I'd spend all my money on caviar and cocaine
And I would not remember how you broke my heart today Yeah, I wish I had my picture with the Rolling Stones
today
And I wish The Enquirer would spread a rumor that I was gay
I wish I knew a movie star, someone like Charlie Sheen
'Cause if he'd hang out with Kato Kaelin well I guess he'd hang out with me And I'd spend all my money on
caviar and Rogaine
And I would not remember how you broke my heart today
