## In This Moment

Advisory - the following lyrics contain explicit language:

I'm the girl you've been thinking about  
The one thing you can't live without  
I'm the girl you've been waiting for  
I'll have you down on your knees  
I'll have you begging for more  
You probably thought I wouldn't get this far  
You thought I'd end up in the back of a car  
You probably thought that I'd never escape  
I'd be a rat in a cage, I'd be a slave to this place  
You don't know how hard I fought to survive  
Waking up alone when I was left to die  
You don't know about this life I've led  
All these roads I've walked  
All these tears I've bled So how can this be?  
You're praying to me  
As I look in your eyes  
I know just what that means  
I can be, I can be your everything I can be your whore  
I am the dirt you created  
I am your sinner  
And your whore  
But let me tell you something baby  
You love me for everything you hate me for I'm the one that you need and fear  
Now that you're hooked, it's all becoming clear  
That all your judgments that you placed on me  
Was a reflection of discovery  
So maybe next time when you cast your stones  
From the shadows of the dark unknown  
You will crawl up from your hiding place  
Take a look in the mirror  
See the truth in your face So how can this be?  
You're praying to me

As I look in your eyes  
I know just what that means  
I can be, I can be your everything I can be your whore  
I am the dirt you created  
I am your sinner  
And your whore  
But let me tell you something baby  
You love me for everything you hate me for I am the dirt you created  
I am your sinner  
And your whore  
But let me tell you something baby  
You love me, you want me, you need me Well I can be your whore  
I am the dirt you created  
I am the sinner  
And your whore  
But let me tell you something baby  
You love me for everything you hate me for (And I can be your whore)  
(And I can be your whore)  
(And I can be your whore)  
Let me tell you something baby  
You love me for everything you hate me for  
You love me for everything you hate me for
