

# The Formula (feat. Tech N9ne, Krizz Kaliko)

Rittz

[Intro]

...[Hook]

Watch out for your spot if I come, I'm warning ya

They said that I'm not really ?

Haters wanna see me fly by

Everywhere we go people point at us

They wanna join us cause we making noise

We were born with the formula

Strange Music got the formula

Tech Nina got the formula

White Jesus got the formula

People wanna point at us

They wanna join us cause we making noise

We were born with the formula[Verse 1: Rittz]

From Atlanta to the MO
