

Nothin's Goin On

Dinosaur Jr.

Every's girl's a suspect
Every's boy's your friend
Living in the dark ? think again
Tales are often spun here
It's a busy place
Mind is not the only thing you waste
I can't help you if you walk away
Every dream is someone you replace
Got a knack for being wrong
Nothin's really going on
I know you don't buy it
Nothin's really going on
Dropped you off in sections
Then you spoke my mind
Don't you let me ever slip behind
No, I can't help you if you walk away
Got some moves, that you gotta play
You got a knack for being wrong
Nothin's really going on
I know you don't buy it
Nothin's really going on
You've been rocking on your own
Nothin's really going on
How much must I deny it?
Nothin's really going on
