## The Wind and the Wave

"Down to your skivvies at the watering hole;  
gonna get you wet, gonna save your soul.""It's the damndest thing, oh it's the damndest thing.""You say  
nothing's gonna happen you're invincible;  
peddle to the metal, down a dark dirt road.""It's the damndest thing, oh it's the damndest  
thing""Troublemaker, where you off to now?

I can tell you this ain't working out for anyone." Troublemaker, where you off to now?

I can tell you this ain't working out for anyone.""My heart burns yeah I'm tired of the same old stuff;  
running like a river from God know's what.""It's the damndest thing, oh it's the damndest thing""Don't die,  
you're just a baby, yeah your way to young;

You haven't lived till you've seen the Grand Canyon""It's the damndest thing, oh it's the damndest  
thing""Troublemaker, where you off to now?

I can tell you this ain't working out for anyone." Troublemaker, where you off to now?

I can tell you this ain't working out for anyone.""ooh ooh ooh ooh;  
ooh ooh ooh ooh;  
ooh ooh ooh ooh;

ooh ooh ooh ooh""You always knew just how to piss me off;

Some people just don't have a rock bottom;

Well, I guess that's you.""Don't die, you're just a baby, yeah your way to young;

You haven't lived till you've seen the Grand Canyon""It's the damndest thing, oh it's the damndest  
thing""Troublemaker, where you off to now?

I can tell you this ain't working out for anyone.""Troublemaker, where you off to now?

I can tell you this ain't working out for anyone."
