

Welcome To Vegas (Prod. by Tricky Stewart)

[Christina Milian](#)

It was your smile it was your style
That had me gone from the jump
It was your name it was your sign
That made want to run
Fly me to Vegas
Packing my bag
Don't know where it would take us
When I come back
Ill be with you
You'll be with me
And the rest is history
Welcome to Vegas
Love on the runway
Soon as we land in the airport hold my hand
Welcome to Vegas
Loui duffly bags we exit through out terminal
I'm forever yours
Welcome to Vegas
I'm forever yours
I'm forever yours
I'm forever yours
Welcome to Vegas
I'm forever yours
I'm forever yours
I'm forever yours
