

Fish Out of Water

One Minute Silence

I'm done with yesterday, tomorrow I will drop today
I cannot operate on what I can and cannot say
I put my foot in it, tomorrow is another day
Some you win, some you lose, the fish are out of water
You're bringing me down, loser
You're bringing me down, loser
I too have swallowed it, the promise of a better day
And blind is one thing but now the picture is gray
A little negative, negative is how we play
Some you win, some you lose, the fish are out of water
You're bringing me down, loser
You're bringing me down
I turn it on again and you're gone
I turn it on again and you're gone
I turn it on again and you're gone
I turn around again, yeah
I turn it on again and you're gone
I turn it on again and you're gone
Some you win, some you lose, the fish are out of water
Oh, I guess I'm ready,
I'm as ready as I'll ever be
It comes when it comes, it comes for everybody
Make no mistake about it, it will come for you
Some you win, some you lose, the fish are out of water
You're bringing me down, loser
You're bringing me down, loser
You do what you do, let me do what I do
I'm gonna do it anyway, so why not do it too
And what if 'What if' turns out to be 'That's it for you'
Some you win, some you lose, the fish are out of
water
You're bringing me down, loser
You're bringing me down
I turn it on again and you're gone
I turn it on again and you're gone
I turn it on again and you're gone
I turn around again and you're
I turn it on again and you're gone
I turn it on again and you're gone
Some you win, some you lose, the fish are out of water
[Incomprehensible]
well, I'm me again, it's me again, yeah
Ain't I what the whole world wants to be?
Me again, it's me again
Last of the great pretenders, my friend
Me again, it's me again
Ain't I what the whole world wants to be?
Me again, it's me again
Last of the great pretenders, my friend
I turn it on again and you're gone
I turn it on again and you're gone
I turn it on again and you're gone
I turn around again and you're
I turn it on again and you're gone
I turn it on again and you're gone

I turn it on again and you're gone
Some you win, some you lose
Can anybody hear me?

Loser, loser, loser

That's gotta hurt
