

# Slow Kisses

Joe

Tonight I'm gonna lay you on the bed, bed  
And we ain't even about to have sex, sex  
Just lay your head down on my chest, chest  
Sometimes the simple things are the best, the best I know you've had a long week, week  
It's just you and me, me, forget everything, thing  
And let me mold you,  
Sex ain't what you need, you need intimacy  
Tonight that's what I bring, and let me hold you I just wanna rub, rub, can't touch you enough  
We ain't gotta sex tonight  
Just give me the slow, slow, kisses, slow, slow, kisses, slow kisses  
Into the night baby  
We ain't making love, holding is enough  
Just the simple things she likes  
So give me the slow, slow, kisses, slow, slow, kisses, slow kisses  
Till we fall asleep Tonight you gonna rub my head, head  
And baby I'll massage your legs, legs  
And I can stimulate your body with sex, sex  
Tonight I'll stimulate your mind instead, instead I know you've had a long week, week  
It's just you and me, me, forget everything, thing  
And let me mold you,  
Sex ain't what you need, you need intimacy  
Tonight that's what I bring, and let me show you I just wanna rub, rub, can't touch you enough  
We ain't gotta sex tonight  
Just give me the slow, slow, kisses, slow, slow, kisses, slow kisses  
Into the night baby  
We ain't making love, holding is enough  
Just the simple things she likes  
So give me the slow, slow, kisses, slow, slow, kisses, slow kisses  
Till we fall asleep We ain't gotta have sex, I just wanna hold you  
Didn't have time to fall in love, but you got me planning to  
Girl you are so right, like you never going left  
Plan on doing things with you, that I can't do by myself  
Cause girl you're right, do you right, and that dress is fitting tight  
Been a while since I just held you, so tonight I think I might  
Check it, it's you me, candles, kisses, girl that sounds alright  
Knowin' I can turn you on, but instead I say goodnight girl I just wanna rub, rub, can't touch you enough  
We ain't gotta sex tonight  
Just give me the slow, slow, kisses, slow, slow, kisses, slow kisses  
Into the night baby

We ain't making love, holding is enough  
Just the simple things she likes  
So give me the slow, slow, kisses, slow, slow, kisses, slow kisses  
Till we fall asleep I just wanna rub, rub, can't touch you enough  
We ain't gotta sex tonight  
Just give me the slow, slow, kisses, slow, slow, kisses, slow kisses  
Into the night baby  
We ain't making love, holding is enough  
Just the simple things she likes  
So give me the slow, slow, kisses, slow, slow, kisses, slow kisses  
Till we fall asleep
