Kiss You

Karylle

Ooh, wanna kiss you here
Wanna kiss you there
Wanna kiss you all over the worldGot me hooked, got me hooked
This feeling's too much, too much to be true (baby, you know)
Got me hooked, got me hooked
Just wanna be near you, near you
Ooh, wherever you goOoh, we can make it happen
Take it, take it higher
Flowing like a river
Love is getting stronger, stronger, strongerWanna kiss you here
Wanna kiss you there
Wanna kiss you all over the world
Wanna kiss you here
Wanna kiss you there
Wanna kiss you all over the world
Uh oh, here we go
Uh oh, hold me closer
Wanna kiss you here
Wanna kiss you there
Wanna kiss you all over the worldKiss you, kiss youTake a look, take a look
I can see hearts, see hearts all around (all around)
Take a look, take a look
When lovin' is all we, all we got
Wherever it goOoh, we can make it happen
Take it, take it higher
Flowing like a river
Love is getting stronger, stronger, strongerWanna kiss you here
Wanna kiss you there
Wanna kiss you all over the world
Wanna kiss you here
Wanna kiss you there
Wanna kiss you all over the world
Uh oh, here we go
Uh oh, hold me closer
Wanna kiss you here
Wanna kiss you there
Wanna kiss you all over the worldKiss you, kiss you all over the worldOoh, we can make it happen
Take it, take it higher
Flowing like a river

Love is getting stronger, stronger, strongerOh, wanna kiss you here
Wanna kiss you there
Wanna kiss you all over the world
Wanna kiss you here
Wanna kiss you there
Wanna kiss you all over the world
Whoa-oh, here we go
Uh oh, hold me closer
Wanna kiss you here
Wanna kiss you there
Wanna kiss you all over the worldWanna kiss you here
Wanna kiss you there
Wanna kiss you all over the world
Wanna kiss you here (I wanna kiss you here)
Wanna kiss you there (kiss you there)
Wanna kiss you all over the world (kiss you there)
Whoa-oh, here we go (here we go)
Uh oh, hold me closer (hold me closer)
Wanna kiss you here
Wanna kiss you there
Wanna kiss you all over the world
