D'yer Wanna Be A Spaceman

Oasis

I haven't seen your face round, since I was a kid
You're bringing back those memories of the thing that we did
You're hangin' round and climbing trees pretending to fly
D'yer wanna be a spaceman and live in the skyYou got how many bills to pay and how many kids
And you forgot about the things that we did
The town where we're living has made you a man
And all of your dreams are washed in the sandWell it's alright it's alright
Who are you and me to say, what's wrong and what's right
Do you still feel like me? We sit down here and we shall see
We can talk and find common ground and we can just forget
About feeling down we can just forget about life in this townIt's funny how your dreams change as you're growing old
You don't wanna be no spaceman
You just want gold dream stealers are lying in wait
But if you wanna be a spaceman, it's still not too lateWell it's alright it's alright
Who are you and me to say, what's wrong and what's right
Do you still feel like me? We sit down here and we shall see
We can talk and find common ground and we can just forget
About feeling down we can just forget about life in this townIt's funny how your dreams change as you're growing old
You don't wanna be no spaceman
You just want gold dream stealers are lying in wait
But if you wanna be a spaceman, it's still not too lateWell it's alright, it's alright
Who are you and me to say, what's wrong and what's right
Do you still feel like me? We sit down here and we shall see
We can talk and find common ground and we can just forget
About feeling downa we can just forget about life in this town
