

# D'yer Wanna Be A Spaceman

## Oasis

I haven't seen your face round, since I was a kid  
You're bringing back those memories of the thing that we did  
You're hangin' round and climbing trees pretending to fly  
D'yer wanna be a spaceman and live in the sky  
You got how many bills to pay and how many kids  
And you forgot about the things that we did  
The town where we're living has made you a man  
And all of your dreams are washed in the sand  
Well it's alright it's alright  
Who are you and me to say, what's wrong and what's right  
Do you still feel like me? We sit down here and we shall see  
We can talk and find common ground and we can just forget  
About feeling down we can just forget about life in this town  
It's funny how your dreams change as you're  
growing old  
You don't wanna be no spaceman  
You just want gold dream stealers are lying in wait  
But if you wanna be a spaceman, it's still not too late  
Well it's alright it's alright  
Who are you and me to say, what's wrong and what's right  
Do you still feel like me? We sit down here and we shall see  
We can talk and find common ground and we can just forget  
About feeling down we can just forget about life in this town  
It's funny how your dreams change as you're  
growing old  
You don't wanna be no spaceman  
You just want gold dream stealers are lying in wait  
But if you wanna be a spaceman, it's still not too late  
Well it's alright, it's alright  
Who are you and me to say, what's wrong and what's right  
Do you still feel like me? We sit down here and we shall see  
We can talk and find common ground and we can just forget  
About feeling downa we can just forget about life in this town
