

Addicted To Me

Anjulie

I woke you up before (before, before)
You had the chance to dream
You almost missed the dance (the dance, the dance)
But never skipped a beat

You never could admit (admit, admit)
We've had a history
Your friends would throw a fit (a fit, a fit)
So you had to smuggle me

Don't give up
I won't give up on you
I've been loyal without
Having something to prove
I'm not a killer
I'm just killing your doubts

Don't you know that
I'll be here forever
Even if you leave
And if you look for something better
Soon you'll see
That you're addicted to me (to me, to me)

The guilt is all on you (on you, on you)
But I'm easier to blame
But I can still relieve (relieve, relieve)
Your ordinary pain

Don't give up
I won't give up on you
I've been loyal without
Having something to prove
I'm not a killer
I'm just killing your doubts

Don't you know that
I'll be here forever
Even if you leave
And if you look for something better

Soon you'll see
That you're addicted

You can love
You can lust
You can use me
All you want
You can lie
You can trust
You confuse me
Baby

I'll be here forever
Even if you leave
And if you look for something better
Soon you'll see
That you're addicted

I'll be here forever
Even if you leave
And if you look for something better
Soon you'll see
That you're addicted to me (to me, to me)

That you're addicted to me (to me, to me)
That you're addicted to me (to me, to me)
That you're addicted to me (to me, to me)
That you're addicted to me (to me, to me)
I'll be here forever
