

Apocalyptic Hybrid

Hypocrisy

Did you want to
Did you want to see that nothing can't be done.

Killing
From here.
Will we fucking die?
The end is near!!!
Stay for the

Everything is

Death is here!
The end is here!
Death is here!
The end is here!
Ahh!

Do you wanna die?
I don't wanna die.
We will all die.

Do you wanna die?
I don't wanna die.
We will all die. We'll soon know what it's like to die.
They are witnessing my creation.
They take my fucking life.
I don't wanna die.
Burning flesh is lighting up the sky.
Yeah!!! Learning on the edge, to take it from myself.
I'll take my last breath.
It will be the end!!!

Do you wanna die?
I don't wanna die.
We will all die.

Do you wanna die?
I don't wanna die.
We will die. Damnation!

The end is here.

Damnation!

The end is here.
