Boys Wanna Be Her

Peaches

You've got them all by the balls
Causin' waterfalls, stone walls, bar brawls
Common stalls that cause 'em allTo you they crawl, body sprawl
Smokin' Pall malls, close call, stand tall
Doll, you make them feel so small
(And they love it)The boys wanna be her

(The boys)

The girls wanna be her

(The girls)

The boys wanna be her

(The boys)

The girls wanna be her

The boys wanna be her

(The boys)

I wanna be her, yes, I doThe way you rock, don't stop

Girl, you got the chops

Flip flop, she bop, self-taught

You lick so hotAre you conceived, kids receive

Crawling up the sleeve

Parents bleed, can't conceive

That indeed we'll never leave

(And we love it) The boys wanna be her
