I Love You (Undubbed Version)

Cliff Richard & The Shadows

Your love means more to me than
All the apples hanging on a tree and
Like those apples, our love will grow because I -
I love you.Your love means more to me than
All the fishes swimming in the sea and
Like those fishes, my heart begins to swim because I -
I love you.I love you, I want you for my own.
I need you near to me
More than anyone could ever know.
Your love means more to me than
All the loves I've ever had before, so,
Please believe what I say because I -
I love you(Instrumental break)
I love youI love you, I want you for my own.
I need you so much more -
More than anyone could ever know.
Everyone knows one and one makes two,
I'm the one and the other one's you, so,
Let's get together and you will see how much I -
I love you
Let's get together and you will see how much I -
I love you
