So Messed Up

The Damned

one,two,three oh she's so
messed up,she won't even ball
well she's so messed up she has no fun at all
she's a sad case of hit and run
i think that i would rather fuck her mum
oh well her face is such a mess
the best thing she can do is die
oh well i'd save her the trouble
but i bet you'd still call it a crime
oh would you know
so messed up,well she's so messed up
yeah she's so messed up,so messed up
so messed up (9 times)
oh she's so messed up she don't feel the pain
oh she's so messed up she'll always feel the same
oh she's so messed up she don't feel the pain
i think ,no i ain't think,she ain' got no brain
