No More

Nivea

No more, no more, no more, no more, no more
No more, no more, no more, no more, no more
No more, no more, no more, no more, no more
No more, no more, no more, no more, no more
(I can't take it no more)
Sick of all these folk tellin' lies to me
Tryin' to steal my dreams and I can't believe
The one I trusted with my life took everything
That he could steal from me, I didn't know a thing
My momma cryin' to me 'cause she's tired of workin'
And she ain't healthy and it's killin' me
'Cause I know I worked enough to help my family
But they still strugglin', I'm going crazy, oh
No more, no more, no more, no more, no more
(I can't take this, no more)
No more, no more, no more, no more, no more
(No more, just can't take this, no more)
No more, no more, no more, no more, no more
(I can't take this, no more, oh yeah)
No more, no more, no more, no more, no more
(I can't take it no more)
I got a grandma pushin' sixty ridin' 'Marta'
For some food stamp dollars
(Made me wanna holler)
I know somebody here just what talkin' 'bout
I almost had a spouse, till he put me out
See my sister got three babies and they need me
My daddy scares me 'cause I know he's hurting
I'm tired of tryin' to save the world when I can't save myself
What's the use to even try when it ain't nothin' left
Sometimes, I just wanna cry when I think
About the things that's happened to me
No more, no more, no more, no more, no more
(I can't take this, no more)
No more, no more, no more, no more, no more
(I am walkin' out the door, yeah)
No more, no more, no more, no more, no more
(I ain't no comin' back, I'm sure you all)
No more, no more, no more, no more, no more

(I cant take it, no more)
See, I just want you all to feel me
Hey, I know that you been through
Somethings that made ya, walk away
(Keep your head up, just hold on)
Keep your head up, hold on
Just can't take this no more
No more, no more, no more, no more, no more
(I can't take this, no more)
No more, no more, no more, no more, no more
(Hey, I am walkin' out the door, oh yeah)
No more, no more, no more, no more, no more
(Ain't no turnin' back, I'm sure you all)
No more, no more, no more, no more, no more
(I cant take it, no more)
No more, no more, no more, no more, no more
(I can't take this, no more)
No more, no more, no more, no more, no more
(I am walkin' out the door, hey)
No more, no more, no more, no more, no more
(I can take this, no more)
No more, no more, no more, no more, no more
(I can take it, no more)
