

Requiem

Avenged Sevenfold

Prodigia, comploratus
Silens, oro
Regnet exitiumDays of warning
Night brings morning
My prayers worthless
Heaven is burning downI walk stricken
Pitch black vision
Oh one, save me
Caress my weary eyesDarkest Lord
Your mercy shall I gain
Strike the match
Engulf the earth in flamesIn flames
In flames
In flamesNature quaking
Prophets aching
I kneel faithful
Damnation cracks the skyMy heart fiction
Superstition
Your grace deathless
Give life to my last breathDarkest Lord
Your mercy shall I gain
Strike the match
Engulf the Earth in flamesIn flames
In flames
In flamesProdigia, comploratus
Silens, oro
Regnet, exitiumRise from ashes
Violence clashes my soul vacant
Cleanse me of all this sinI stand guilty
I bleed filthy
Born of fire
Savor this final hourDarkest Lord
Your mercy shall I gain
Strike the match
Engulf the Earth in flamesIn flames
In flames
In flames
