Forever In Blue

Ren Harvieu

When she walked into the room
I felt her move me
I saw her eyes
They went right through me
Just one look I was forever in blueIn a spell of her embrace
Just for a moment
I was the one, caught in the moment
I knew, yes, right then I knewTwo hearts, reach for each other
Once chance, she's like no other
I'm lost, lost in the dream of you
'cause it's true oh
I'm forever, forever in blueIn a fantasy of my anticipation
I knew there was no consolation
I knew, oh I knewAnd on the night she told me that
She had another
I was broken by the truth
I discovered, I knew oh I knewTwo hearts, reach for each other
Once chance, she's like no other
I'm lost, lost in the dream of you
'cause it's true oh
I'm forever, forever in blue... in blueBelieve me girl, I tried not to call
But here I am once again, yes once again
Beside you, with my hands on the wallTwo hearts, reach for each other
Once chance, she's like no other
I'm lost, lost in the dream of you
Those two hearts, reach for each other
Once chance, she's like no other
I'm lost, lost in the dream of you
'cause it's true oh
I'm forever, forever in blue
