

Detonator

Mocean Worker

Chorus

Lettin' loose it's the detonator setting off a time bomb, ring the alarm
I'm coming thru with the wickedness
 inject the fluid of the sickest and watch as I kick this
Lettin' loose it's the detonator setting off a time bomb, ring the alarm
I'm coming thru with the wickedness
 inject the fluid of the sickest and watch as I kick this
 I got a nation of millions to capture
 lyrical disaster pass the ganja
 choppin' shit like a bladerunner
 huntin down my opponents like the predator
 ready to start my search like the hunt for red october 31st
 day of my birth had much pain as an adolescent
 natural stigmata, much drama when Mom's was stressin
 they're on my trail like the bone collector
 select the sense from my sixth
 inject the fluid of the wickedness
 fuck the world! is my motto
 I just can't understand why they point the finger
 when they see me doing my thing
 bitches swing when they see me pass by
 in the GS4 with the Cane plates bought from my last tour
 it's amityville horror on haters block
 for those that copycat my tactics trying to make it to the top
 like in the shining when Jack Nicholson got possessed with the wickedness
 I'm true to kicking this

Chorus

Lettin' loose it's the detonator setting off a time bomb, ring the alarm
I'm coming thru with the wickedness
 inject the fluid of the sickest and watch as I kick this
Lettin' loose it's the detonator setting off a time bomb, ring the alarm
I'm coming thru with the wickedness
 inject the fluid of the sickest and watch as I kick this
 Like Manson dismantling MCs who oppose a threat
 you really don't want to get into some shit that you'll regret
 cause like Samuel I hold the whole place for negotiation
 incarcerating anyone with the temptation trying to test my faith
 (is it safe to come out and play now) is he gone?

man i don't understand what kind of high this dude is trippin on
pure ICE with a twist of vanilla thriller
captivating souls like the body snatchers
its return of the living Caucasians
of psychopathic mind grabbing Asiatic demonic fanatics
causing havoc bringing the pain
flaming up like in Backdraft
feel the wrath of the lyrical combustion
many aren't true to what they're busting
(from the depths)
I'm coming through like the Hell Raiser
it's the end of days there's no escape from the detonator
Chorus
Lettin' loose it's the detonator setting off a time bomb, ring the alarm
I'm coming thru with the wickedness
inject the fluid of the sickest and watch as I kick this
Lettin' loose it's the detonator setting off a time bomb, ring the alarm
I'm coming thru with the wickedness
inject the fluid of the sickest and watch as I kick this
