Fear

Throwing Muses

I hold you in my shins
I won't break your pain
This is much better than me
Okay?FearLooks like meNothing ever works
Even if you
Use all you got
This is a state of shockFearLooks like meI don't think anything
You cover my spine
Hold my face
Shoot me and dieFearLooks like meUp to your face
Up to your choice
Up through your hands
Give me what I wantAnd all I can think about
Is choosing it
I'm losing it
I hurtLook at me run away
Stop talking
You hurt me
And I'm not crying, dryFear [Incomprehensible]
