

# One of Those Days

## Thompson Square

No cash in my pocket  
No clothes in my closet  
Can't get my head to do a damn thing  
The damn dog's barking  
The car ain't starting  
Why is always rainin' on my parade  
It's one of those days, one of those days  
One of those days when nothing goes right  
One of those days, one of those days  
One of those days when you're hatin' life  
It's one of those days  
I said don't worry 'bout the dishes  
I'm gonna take you fishin'  
Kissin' all night down on the creek bank  
A little skinny-dippin'  
Some moonshine sippin'  
Come on, baby, tell me now what do you think?  
It's one of those days, one of those days  
One of those days when everything's right  
One of those days, one of those days  
One of those days when you're lovin' life  
It's one of those days  
Now we're hoppin' in the truck  
The radio cranks up  
We can't get there fast enough  
'Cause it's one of those days  
One of those days  
It's one of those days, one of those days  
One of those days when everything's right  
One of those days, one of those days  
One of those days when you're lovin' life  
It's one of those days  
Yeah, it's one of those days
