

Ghost Story

Coldplay

Maybe I'm just a ghost
Disappear when anybody's close
Go through you when you travel
Travel over near
Maybe I'm just a ghost
Emptied by 'em, anybody knows
Maybe I'm on a rose
Or am I even here?
Yeah! Every time I try to walk through walls
More walls appear
What's the point of feeling love for you
When you don't believe I'm here?
What's the point of trying to raise your voice
If no one ever hears?
Every time I try to pull you close
You disappear
Maybe I'm a ghost
Just a whisper in a path of smoke
A secret that nobody knows
No one will ever hear
Oh, maybe I'm a ghost
Specter on a roller coast
Fallen out of rose
Something people fear
Yeah! And every time I thought I walk through walls
It's all become clear
What's the point of feeling love for you
When you don't believe I'm here?
What's the point saying "Rescue me!"
If no one ever hears?
Every time I try to pull you close
You disappear
Every time I try to pull you close
You disappear
And every time I thought I walk through walls
It's all become clear
Every time I try to pull you close
You disappear
Every time I try to pull you close
You disappear
