

# Get a Little Closer

Joe

Oh Joe  
Yes baby  
It feels so good  
Yes  
Right there baby  
Oh, oh my god  
Don't stop, don't stop baby  
Come a little closer[Chorus]  
Come on girl, get a little closer  
I want you, you want me  
Come on girl, get a little closer  
I want you, you want meCan't control myself  
Girl, you look so good  
Smell like roses  
Like I knew you would  
The time has come  
We waited oh so long  
Let's quench this fire  
That's been burning strongCome on girl, get a little closer  
I want you, you want me  
Come on girl, get a little closer  
I want you, you want meI need your lovin'  
Girl, I need it bad  
We'll take things slowly  
We won't go fast  
Let's let our bodies touch  
Our flesh becomes as one  
Stroking each other  
Until the morning comesCome on girl, get a little closer  
I want you, you want me  
Come on girl, get a little closer  
I want you, you want meGirl, you know I want you baby (Yes I do yeah)  
I want you tonight, to be right by my side (come on baby)  
I can't wait no longer  
I gotta have you, right now[Chorus: x2]
