

Ending Song

[Keren Ann](#)

Sunny day, no one's here
In the morning rain, there's no clouds
And I hear, "Follow me, follow me
Follow me, follow me" Sunny day, no one's here
In the morning rain, there's no clouds
And I hear, "Follow me, follow me
Follow me, follow me"
And I hear, "Follow me, follow me" Follow me, follow me
Follow me, follow me Follow me, follow me
Follow me, follow me Follow me, follow me
Follow me, follow me
