

# House Of Stone

## Mudcrutch

That woman  
Lives in a house of stone  
You better not cuss  
You better not roam  
Shell put you out  
On your ass all alone  
That woman  
Lives in a house of stone  
Fair lady  
Give a drunkard a chance  
Got a brand new suit  
I got two pair of pants  
Easy on the eyes  
And I love to dance  
I could dance right now  
If you give me the chance  
Im waiting for a man  
But he hasnt shown  
Im on the corner freezing  
Through my bones  
Give me one more week  
Ill make good that loan  
To that woman  
Up in that house of stone  
The deacons in her church  
Say to leave me alone  
They say my brain  
Is in the twilight zone  
And maybe I sin  
But I aint high tone  
Im after that girl  
In that house of stone  
Im after that girl  
In that house of stone
