

What U Lookin' 4

Redman

It goes one for the mind and two for the money
Who dat wit skull tattooes and his nose runny
It's me, that funky M C, the rrr-ah E
Indubitably, I'm jersey down to mitentry
Officer, you're hawkin' the, ninety-three landcruise
When it's real criminals, you should be watchin' for
Get off my dick for what you don't got
Plus you probably never licked a shot on your block
Walkin' to my car witcha nine out the holster
Put your hands on the steering wheel like ya supposed ta
I cooperate don't give the redneck no hassle
Because too many mistakes be happening to black folk
I said, "What the fuck are you lookin 4?"
Can't a young man make money anymore?
Hah hah, leave ya butt naked
I said, "What the fuck are you lookin 4?"
Can't a young man make money anymore?
Aiiyyo stash that weed up while me and the cop is riffin'
Damn I knew I shoulda got that stash box built-in
But it's alright 'cause me and my niggaz roll tight
We all think alike, we jump out whoever packin' pipe
Don't they know who's the freak from the east?
I get faded like chong and cheech without bleach
And started spittin' game 'fore these cops start to reach
On these creeps, showin' mentality from the streets
Even though we had a half a pound by the seats
My peeps never tweek, we handle shit when there's heat
Since one cop was white the otha was a brotha
I pulled out my tape and front page of the cover
Of the source, told him me and Janet's on tour
Broke it down to who's my boss and who I rap for
Plus them niggaz, E P M D
Put me D, now I'm runnin' with the green eyed B
A N D I T, and def squad camp
Here's your def jam tickets and your autograph
Now haul ass, I got a meetin' 'bout seven
Basically I'm saying bye bye like guy
I said, "What the fuck are you lookin 4?"
Can't a young man make money anymore?

Hah hah, leave ya butt naked
I said, "What the fuck are you lookin 4?"
Can't a young man make money anymore?
My license, been suspended, for about five years
The system got my ass in the jam
Can't even ride to see my fam in Alabam'
I get petrified everytime I see the man throw the lights on
The mic's on so I stress it
Shit I'm haulin' ass before I start undressin'
Niggaz on they knees with they hands on the top of the
Heads while the feds crack jokes with the glock in ya
Don't get me wrong, I know a lot of cool cops
That'd let me go if I had two glocks and oowops
But, I don't, so, I keeps it, real
The five hundred series with deep dish peels
Quick, my bitch, stash
Two clips, between two her tits
Bfeore the cops fuck with the rrr-ah
I'm a nigga of today a nigga of tomorrow, beyotch
I said, "What the fuck are you lookin 4?"
Can't a young man make money anymore?
Hah hah, leave ya butt naked
I said, "What the fuck are you lookin 4?"
Can't a young man make money anymore?
To my people in Kentucky, rock rock on word is bond
