

# Nuclear Holiday

## 3 Colours Red

I had the best intentions, yeah, honestly  
I paid attention  
I'm a loose connection, some promise me  
A soft injection A shallow feeling defies meaning  
I need a holiday to blow you all away  
Lose all the stiffs in my parade  
I need a holiday, a nuclear holiday  
Just go anywhere, I'll stay Fell on the outside  
Where giving in comes in like the tide  
And everybody's shining  
Perfecting moments in timing A shallow feeling defies meaning  
I need a holiday to blow you all away  
Lose all the stiffs in my parade  
I need a holiday, a nuclear holiday  
Just go anywhere, I'll stay If I talk your talk, the words I say  
Come back around a different way  
The end is just a breath away  
If you ain't got a weapon  
Then you'll never get a say I need a holiday to blow you all away  
Lose all the stiffs in my parade  
I need a holiday, a nuclear holiday  
Just go anywhere, I'll stay I need a holiday to blow you all away  
Lose all the stiffs in my parade  
I need a holiday, a nuclear holiday  
Just go anywhere, I'll stay
