

I Don't Mind That

Lemar

I seen this girl
She works at the store on my block
Pretty little girl, so hot
Feeling her for a minute 'cause she's got what I want
She looks so good
Her smile hypnotizes me
She's the finest thing I've ever seen
I could see her with somebody like me, so complete
But what, what if I told her how I feel?
Would she believe that I'm for real?
What if this is just a crush on a girl that I don't know?
What if she's just a fantasy?
Maybe she's not the one for me
Think I oughta let it be, yeah, yeah
I don't know her name or where she's from
She got me trippin' like she's the one
She will never know just how I feel
But I don't mind that
Just wanna feel her lips on me
Show her mad love that she's feelin' me
But I know that it's not meant to be
I don't mind that
I'm hooked
I'm saying, if she got that look
I feel just like an open book
And it's crazy how she got me shook
Like this, I just freeze
When I see her walking down the street
With the body I just can't believe
Never try to make her notice me before
'Cause what, what if she's too hot to impress
What if it's something I regret
Think I oughta let it be, yeah, yeah
I don't know her name or where she's from
She got me trippin' like she's the one
She will never know just how I feel
But I don't mind that
Just wanna feel her lips on me
Show her mad love that she's feelin' me

But I know that it's not meant to be
I don't mind that
Tomorrow's gonna be the day
I know she closes work at eight
And I'll be there, braided hair
Think I'll bring twelve roses
Finally, I'll ask her name
And maybe we could go out someday
Well, there's a chance you could turn me away
But I don't mind that
I don't know her name or where she's from
She got me trippin' like she's the one
She will never know just how I feel
But I don't mind that
Just wanna feel her lips on me
Show her mad love that she's feelin' me
But I know that it's not meant to be
I don't mind that
I don't know her name or where she's from
She got me trippin' like she's the one
She will never know just how I feel
But I don't mind that
Just wanna feel her lips on me
Show her mad love that she's feelin' me
But I know that it's not meant to be
I don't mind that
Oh, said, I don't, said, I don't, said, I don't, ooh
