

Opposites Attract (tomorrow W/o Her)

Kendrick Lamar

[Produced by Willie B][Intro]

We hurt people that love us, love people that hurt us

Hurt people that love us, love people

I'm inspired, so get inspired[Verse 1]

And so he said "Why you gotta be so kind hearted?

Why you couldn't be a con artist? Why you couldn't?

Why you couldn't be mischievous or just a lil devious

The moment that we first started?

Why you never ask for nothing, just a lil time?

Why you let me use yours cus I don't got mine?

Why you always lift me up, when I'm completely giving up

Or when niggas holla, "What's up?" you give a dry response?

Why you giving me your last knowing you ain't got it?

Why you always buy me something when you going shopping?

Why you tell me that you love me, Why you always thinking of me

Want my company rather than going club hopping?

Why you treating my momma like she your momma too?

Why you making promises that you'll forever do?

Whatever just to make me happy, wanting us to have a family

These are exactly the reasons why I cheat on you" (Sometimes)[Hook]

We hurt people that love us, love people that hurt us

We hurt people that love us, love people that hurt us

We hurt people that love us, love people that hurt us

We hurt people that love us, love people that hurt us[Bridge: Javonte]

Sometimes I, sometimes I feel we share

Nothing in common, it ain't fair

But where do we seem to fall

Where do we seem to fall

Tender love and care, once upon a time

Once upon a time, we was there[Verse 2]

And so she said "Why you gotta be so mean to me?

Why you don't know what you mean to me?

Why you always playing games? Why I feel like you ashamed

Out in public curse me out and make a scenery?

Why you got other bitches rolling their eyes at me?

Why text messages popping up saying, "Hi, Daddy"?

Why you treat me like I'm nothing? Why you always at a function?

I be wanting to go out but you don't ever ask me

Why you slip and say her name when we having sex?

Why you always assuming that I still love my ex?
Everytime we get into it, I'm the one that's feeling stupid
You don't need me, you gon' leave me, that's ya favorite threat
Why you never know how it feel to be lonely?
Why I feel I'm the last option after ya homies?
Why you always gotta know that I will never let you go
Even tho you get violent and put your hands on me?" (Sometimes)[Hook + Bridge][Outro: Lamont Carey]
She says she loves me
She says she loves me
So she clings to me, even when I want to be left alone
But shes beautiful
Like sometimes when I have things on my mind,shes the perfect person to listen
And she only gives advice
She says she loves me
And she only gives advice
She says she loves me
Like when I wake up in the morning, shes sitting on the edge of the bed with a plate of food, wanting to feed me
She says she needs me
She says she loves me
Or like when I'm stepping out of the shower, she's standing there with the towel, wanting to, wanting to dry me
off
She says, she says she loves me
So instead of admitting that she has made another mistake
She says she loves me... and I don't know about love
