Goodbye

The Czars

I'm waiting over here
Just to see you, my love
For the last timeGoodbye, goodbye, goodbye
I love to see you fade and die
I love to see you kicking, screaming
As you try to reach the skyGoodbye, goodbye, goodbye, goodbye
I love to see you fade and die
I love to see you kicking, screaming
As you try to reach the sky and flyI'm begging you tonight
I want to free you, my love
Just one last time foreverMaybe we could change
We always seem to fall again
We are still alive
We have to give up everything and dieAnd all I want is you
And all I want is youSo it's over now
And I have loved you with my life
But this is the last time for youGoodbye, goodbye, goodbye
I love to see you fade and die
I love to see you kicking, screaming
As you try to reach the skyGoodbye, goodbye, goodbye, goodbye
I love to see you fade and die
I love to see you kicking, screaming
As you try to reach the sky and fly
