Phonebill Song

Hole

She's a bimbo playing on the damn phone
I can really fuck you up, yeah
Because I'm the demon buttercup
You have to spit to see the shine
I see the carcass in your eyes
Before I go to sleep
Get it away from me
See the demon whore has eyes
Well, everything you look at dies

I gotta run up the phone bill
Because I'm a loser buttercup, uh-huh
Before I fall in too
Baby, I don't owe you
I could really suck you in
And you'll never see the light again
I gotta run up your phone bill
Because I'm a loser buttercup, uh-huh
Oh, I just want more
Baby, I just get bored
