

# Slut

## Todd Rundgren

See that girl, watch her dance  
If I knew her name, I wouldn't have to sit on my hands  
If my mouth don't work, I get some help  
And she don't mind if I don't keep my hands to myself You're all right  
You put up such a good clean fight  
I'm afraid that you lose tonight S L U T  
She may be a slut but she looks good to me  
S L U T  
She may be a slut but she looks good to me You're so clean, so refined  
You don't care to get messy just to have a good time  
She's got saggy thighs and baggy eyes  
But she loves me in a way, I can still recognize You're all right  
You put up such a good clean fight  
I'm afraid that you lose tonight S L U T  
She may be a slut but she looks good to me  
S L U T  
She may be a slut but she looks good to me You're all right  
You put up such a good clean fight  
I'm afraid that you lose tonight S L U T  
She may be a slut but she looks good to me  
S L U T  
She may be a slut but she looks good to me S L U T  
She may be a slut but she looks good to me  
S L U T  
She may be a slut but she looks good to me S L U T  
She may be a slut but she looks good to me  
S L U T  
She may be a slut but she looks good to me
