

Cocaine Blues

Bob Dylan

Every time my baby and me go up town
Police come and they knock me down
Cocaine all around my brainHey baby better come here quick
This old cocaine is making me sick
Cocaine all around my brainYonder comes my baby, she's dressed in red
She's got a shotgun, says she's gonna kill me dead
Cocaine all around my brainHey baby you better come here quick
This old cocaine is making me sick
Cocaine all around my brainEarly one morning, half past four
Cocaine come knockin' on my door
Cocaine all around my brainHey baby you better, better come here quick
This old cocaine is making me sick
Cocaine all around my brainCocaine's for horses and it's not for men
Doctor said it kill you but he don't say when
Cocaine all around my brainHey baby you better come here quick
This old cocaine is making me sick
Cocaine all around my brain
