

You Get Yours

Tyrese

Every time I look into your eyes
I feel your pain, baby
I never thought I had to ever be
Without you in my life
Oh no I know I was wrong
For taking you for granted, oh no
I wanna do you a favor
By getting out your life
I've been doing you wrong
So you gotta get on with yours You get yours
And I'll, I'll get mine
Baby, you get yours and I'll get mine
You get yours
And I'll, I'll get mine I'll see you going out your way to call
Don't waste your time, baby
Obviously you have made the wrong choice
Getting with me
So you got to let it go baby I know I was wrong
For taking you for granted oh no
I wanna do you a favor
By getting out your life, babe
You gotta let it go You get yours
And I'll, I'll get mine, baby
You get yours
And I'll, I'll get mine Your too good for me
You deserve better
Maybe this wasn't meant to be
There's no need to work this out
You and me, you got to let it go baby You get yours
And I'll, I'll get mine, baby
You get yours
And I'll, I'll get mine You get yours
And I'll, I'll get mine
You get yours
And I'll, I'll get mine
Ohh, babe
You get yours
You get yours
You get yours You get yours

And I'll, I'll get mine
You get yours
And I'll, I'll get mine
You get yours
And I'll, I'll get mine
