Neck Escaper

No Age

All these keys don't work,
None are coming through,
All the shit piled up,
Smells like someone's died.Don't forget to put the right side down,
If you don't, they won't be back for years.
Don't forget to put the right side down
If you don't, they won't be back for years.
And that's why, I don't think,
You should go out alone anymore.
Take the keys out the merica still trip up,
And you spilled it all over us.
