

# The Leopards (feat. Gardenia & The Mighty Slug)

**T. Rex**

(Featuring Gardenia And The Mighty Slug) We're the leopards (x3) The leader of the pack lives down in the  
local drain,  
We're the leopards  
King Kong built a car inside his brain,  
We're the leopards  
You tell me who's the sexiest,  
But why it's Gardenia & the Mighty Slug We're the leopards Old Doug Henry lost an ear when he crossed my  
path  
We're the leopards  
Called himself Jesus, well that's what he said to me  
We're the leopards  
I have never seen a freak look as weird as you  
Except for Gardenia and the Mighty Slug  
We're the leopards Cycle Michael grotesque school desk in my brain  
We're the leopards  
Mincing Quincy dropping bop drops down the drain  
We're the leopards I'll just tell you boy we're mean and we're tough  
Just like Gardenia and the Mighty Slug  
We're the leopards I know that we know that he know it's wrong  
We're the leopards  
To spend your life inside a song Greasy Gert tried it and she licked it too  
Just like Gardenia and the Mighty Slug  
We're the leopards  
Uncle Bimbo drunk up the sea of Galilee  
And like a fool he promised it all to me  
But I'm young and built of steel  
Just like Gardenia and the Mighty Slug Just like Gardenia and the Mighty Slug  
Just like Gardenia and the Mighty Slug We're the leopards (Repeat to end)
