Faster

Polarsets

Faster

Youâ€™ve been all over this town babe
With your eyes of a run away
How many lovers got you half way?
How many roofs did you have to break?
Were you lonely? Did you roll over?
Did you feel it and liked it?
You wanna feel alive?
Yeah

Wanna move a little faster?
Take me by the hand
Wanna feel a little closer?
Darling, Iâ€™m your man
Wanna move a little faster?
Take me by the hand
Wanna feel a little closer?
Yeah

I heard youâ€™re looking for a way out
Heard youâ€™re low and youâ€™ve got your doubts
Just fix your makeup and come around
Girl you know Iâ€™ll never let you down
No I wonâ€™t let you down, no

Ohh were you lonely?
Did your roll over?
Did you feel it and liked it?
Did you wanna feel alive?

Wanna move a little faster?
Take me by the hand,
Wanna feel a little closer?
Darling, Iâ€™m your man
Wanna move a little faster?
Take me by the hand
Wanna feel a little closer?
Yeah

So where you wanna go?
Cuz the horizon lays so far away from home
Youâ€™re still a kid at school scared dreaming
And every day I know
You think youâ€™re passing your best day
Youâ€™re a day out in a city alone
So looking my way is safer
But the minute I stop youâ€™re feeling lonely

Wanna move a little faster?
Take me by the hand
Wanna feel a little closer?
Yeah
