Oh la la

Voxxclub

La la dee da da da, la la dee da da da,
g-g'da dee da da da, make me ooh la la
La la dee da da da, la la dee da da da,
g-g'da dee da da da, make me ooh la la
I got the glamour, I got the style
To make them stop and stare,
Need a go getta, so don't be shy,
It's time for truth or dare.
Cause you won't leave alone,
It's an obsession, man on a mission,
I'm kind of curious, but are you something,
Worth my attention.
If you want me for the night,
even for the first kiss,
money where your mouth is,
so the show is on tonight,
i'm looking for a co-star,
can you make me ooh la la
La la dee da da da, la la dee da da da,
g-g'da dee da da da, make me ooh la la
So theres a fire,
under my skin and it aint burning out,
your like a lighter,
i'm oxygen, so come on and do me proud,
Cause you won't leave alone,
It's an obsession, man on a mission,

I'm kind of curious, but are you something,
Worth my attention.
If you want me for the night,
even for the first kiss,
money where your mouth is,
so the show is on tonight,
i'm looking for a co-star,
can you make me ooh la la
La la dee da da da, la la dee da da da,
g-g'da dee da da da, make me ooh la la
La la dee da da da, la la dee da da da,
g-g'da dee da da da, make me ooh la la.....

[BRIDGE]Theres a chance,
for romance, if you rise to the occasion,
But believe, I aint easy to please.....
If you want me for the night,
even for the first kiss,
money where your mouth is,
so the show is on tonight,
I'm looking for a co-star,
can you make me ooh la la
La la dee da da da, (Woah) la la dee da da da,
g-g'da dee da da da, (uuhh) make me ooh la la (oooh)
La la dee da da da, la la dee da da da,
g-g'da dee da da da, make me ooh la la
