

I See You

Jenny Franck

You give me two
â€“I see youMaybe I should have talked about it
â€“Maybe you should have done without it
â€“Maybe then we would have seenâ€“
Our thoughts encaved with our minds around it
â€“I use my words with me wrapped around it
â€“I believe it's all of meI listen closely, I believed
â€“But all this time keeps breaking me
â€“It's all distorted, what I see
â€“I have heard your message clear
â€“You've tumbled down these steps of fearâ€“
Now I can't tell you I believeYou give me two
â€“I see youAs I walk along â€“
You're just stuck beside it
â€“You're mind inside
â€“It just magnifies it
â€“All you wanted wasn't meâ€“
Garbage bags filled with empty trash cans
â€“It sits beside it's all of meRight there next to meâ€“
Right there next to meIt's everything you're aching for you'll never adoreâ€“
All these things are greed
â€“I do realize that my disguise is selfishly wise
â€“I can't offer you my needRight there next to meI listen closely, I believed
â€“But all this time keeps breaking me
â€“It's all distorted, what I see
â€“I have heard you're message clear
â€“You've tumbled down these steps of fear
â€“Now I can't tell you I believeâ€“Everything is wastedâ€“
There is nothing faith didâ€“
No one knows what they don't see
â€“I am here just waiting
â€“I continue fading
â€“I have no one left to beYou give me two
â€“I see youRight there next to me
