HÃ¶st

Jeanette KÃ¶hn

I've read you well
I just want to get away
Cos you used my love
I just need to get awayMy trust in you has been abused
My trust in you has been overusedSick of this space
Wish we could be far away
Cos I wasted all my youth
I'll never see it againMy trust in you has been abused
My trust in you has been overusedCause you've bled me dry now
I just wanna run awayawayeeayeeayI just wanted too much
I wish we could be far away
And if my wish comes true
You'll never see me again
