Let's Make It Last

Funkadelic

I don't want a love that's burning fast
Ten to one, ah, that it won't last
Now I take a love that's burning slow
Then bend an eye and watch it growLet's make it last
Let's make it good
Let's make it last
Let's make it good
Whoa, LordI don't want a love like apple pie
Good while it lasts, oh, when it's gone, you wanna cry
I don't want a love like a sunny day
Out come the clouds chase it awayLet's make it last
(Woo hoo woo hoo hoo)
Let's make it good
Let's make it goodOh Lord
Woo ooh
Oh LordI don't want a love like a racing car
Hey, win today and lose tomorrow
I don't want a love that's burning fast
Ten-to-one, hey baby, it won't lastLet's make it last
(Woo hoo woo hoo hoo)
Let's make it good
Let's make it last
(Woo hoo woo hoo hoo)
