

# Heel

## Toadies

Long neck, short leash  
Sweet lips are black, black, black, black  
You walk, I linger  
Little sticks stagger and fall

Heel, heel  
Heel, heel

You're cryin', well listen  
This time you really were bad, bad, bad, bad  
I will show you some discipline  
Yes, you will learn some respect, respect, respect

Heel, heel  
Heel, heel, yeah

God, I love you  
You're so pretty  
Love you, love you  
Pretty, pretty, pretty, pretty

Heel, heel  
Heel, heel

Heel, heel  
Heel, heel, yeah

God, I love you  
You're so pretty  
Love you, love you  
Pretty, pretty, pretty, pretty  
Pretty, pretty
