

# Touching The Void

## Banco De Gaia

I'm touching the void

I seek and destroy

To be reborn

I'm touching the void

The ghost of Troy

Burned and destroyed

I'm touching the void

Bleed and destroy

The sacrifice of war...

I'm touching the void

I creep and destroy

The paradise lost

I'm touching the void

I breed and destroy

No more idols to burn

I'm touching the void

I scream and destroy

I follow the storm

I'm touching the void

I've killed them before

I'll kill them again...

Void

The return of the wicked...

Void

The revenge of the sickest...

I'm touching the void

From stone and crust

To ashes and dust

I'm touching the void

The sycophants will fall

In the doom of it all...
