Kill All the Hipsters

BLASTERCUNT

Let's kill all the hipsters, one by one
Come on with me, it oughta be fun
Let's kill all the hipsters, one by one
Come on with me and don't forget your gun

We'll smash all their shades
And burn all their vinyl
When they fuck with the punks
Man the shit is final!

Let's kill all the hipsters
They're fuck in up our scene
Let's kill all the hipsters
Every single one of them is what I mean
